

Prospectus Supplement
(To Prospectus dated September 12, 2025)

Up to \$9,300,000
Class A Common Stock

This prospectus supplement and the accompanying prospectus relate to the offer by Volato Group, Inc. of shares of our Class A common stock, par value \$0.0001 (the “**common stock**”), pursuant to an Equity Distribution Agreement (the “**ATM Sales Agreement**”) with Virtu Americas LLC (“**Virtu**”) dated December 5, 2025. In accordance with the terms of the ATM Sales Agreement, we may, but are not obligated to, offer and sell shares of our common stock having an aggregate offering price of up to \$9,300,000 or such lesser amount as may be issued (i) based on the authorized number of shares of common stock set forth in our Certificate of Incorporation and (ii) in accordance with the eligibility and transaction requirements for use of Form S-3.

Sales of our common stock, if any, under this prospectus supplement will be made in sales deemed to be “at the market” offerings as defined in Rule 415 under the Securities Act of 1933, as amended, (the “**Securities Act**”), including sales made directly on or through the NYSE American LLC (“**NYSE**”), the existing trading market for our common stock, sales made to or through a market maker other than on an exchange or otherwise, in negotiated transactions at market prices prevailing at the time of sale or at prices related to such prevailing market prices, and/or any other method permitted by law, including in privately negotiated transactions. If we and Virtu agree on any method of distribution other than sales of shares of our common stock on or through NYSE or another existing trading market in the United States at market prices, we will file a further prospectus supplement providing all information about such offering as required by Rule 424(b) under the Securities Act. Virtu is not required to sell any specific number or dollar amount of securities, but will act as our sales agent using commercially reasonable efforts consistent with its normal trading and sales practices to sell shares of common stock as requested to be sold by us, on mutually agreed terms between Virtu and us. There is no arrangement for funds to be received in any escrow, trust or similar arrangement.

These types of offerings will allow us to raise capital by selling shares of our common stock in open market transactions at our discretion. Unlike in underwritten public offerings, sales under at-the-market offerings are not marketed, are made at prevailing market prices, and generally are less dilutive to stockholders. This is because these types of at-the-market offerings typically are less expensive to transact than marketed offerings and can be executed without a discount to the prevailing market price of the stock that is typical in marketed offerings. Our board of directors has concluded that, at this time, it is in our best interest to have this offering program available so that it can be used at our discretion for capital raising and other purposes more fully described in the section entitled “*Use of Proceeds*” in this prospectus supplement.

Virtu will be entitled to compensation at a commission rate equal to 3.0% of the gross sales price per share sold. We do not anticipate paying other commissions or material expenses for sales under the ATM Sales Agreement. Even though this prospectus supplement does not relate to a marketed offering of our common stock, in connection with the sale of common stock under the ATM Sales Agreement, Virtu will be deemed to be an “underwriter” within the meaning of the Securities Act, and Virtu’s compensation will be deemed to be underwriting commissions or discounts. We have agreed to indemnify Virtu against certain civil liabilities, including liabilities under the Securities Act. We provide more information about how the shares of common stock will be sold and Virtu’s compensation under the ATM Sales Agreement in the section entitled “*Plan of Distribution*” in this prospectus supplement.

Our common stock is traded on NYSE under the symbol “SOAR”. The last reported sale price of our common stock on December 5, 2025, was \$1.28 per share. Our principal executive offices are located at 1954 Airport Road, Suite 124, Chamblee, Georgia 30341.

As of the date of this prospectus supplement, the aggregate market value of our outstanding common stock held by non-affiliates, or our public float, was approximately \$9.3 million, accounting for 6,947,612 outstanding shares of common stock held by non-affiliates and a per share price of \$4.02 (the closing price of our common stock on October 14, 2025. Pursuant to General Instruction I.B.6 of Form S-3, in no event will we sell securities in a public primary offering with a value exceeding one-third of our public float in any 12-month period so long as our public float remains below \$75,000,000.

Investing in our securities involves a high degree of risk. You should review carefully the risks and uncertainties described under the heading “*Risk Factors*” contained in this prospectus supplement beginning on page S-4 and under similar headings in the other documents that are incorporated by reference into this prospectus supplement.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus supplement is December 8, 2025.

PROSPECTUS SUPPLEMENT SUMMARY

This summary highlights information contained elsewhere in or incorporated by reference into this prospectus supplement or the accompanying prospectus. This summary is not complete and does not contain all of the information that you should consider in making your investment decision. Before investing in our securities, you should carefully read the entire prospectus supplement, the accompanying prospectus, and the documents incorporated by reference in this prospectus supplement and the accompanying prospectus carefully, including “Risk Factors,” “Managements’ Discussion and Analysis of Financial Condition and Results of Operations,” our financial statements and related notes incorporated by reference in this prospectus supplement and the accompanying prospectus, and the exhibits to the registration statement of which this prospectus supplement and the accompanying prospectus are a part.

Company Overview

We initially operated under the name Aerago, Inc., which was formed on January 7, 2021, in the State of Georgia. On August 31, 2021, Aerago, Inc. filed an amendment to its Articles of Incorporation to change its name to Volato, Inc. On December 1, 2023, we consummated a business combination transaction (the “**Business Combination**”) pursuant to a business combination agreement (the “**Business Combination Agreement**”), dated August 1, 2023 between us, PACI Merger Sub, Inc., a Delaware corporation and a direct, wholly-owned subsidiary of the Company (“**Merger Sub**”), and Volato, Inc. Pursuant to the terms of the Business Combination Agreement, Merger Sub merged with and into Volato, Inc., with Volato, Inc. surviving the merger as a wholly-owned subsidiary of us. In connection with the consummation of the Business Combination, we changed our name from “PROOF Acquisition Corp I” to “Volato Group, Inc.”

We are an aviation company advancing the industry with innovative solutions in aviation software and on-demand flight access. Historically, we generated revenue through our aircraft ownership program. This program was a focused commercial strategy including deposit products, charter flights, and aircraft management services. Our aviation experience led to the development of our proprietary software. Mission Control drives efficiency across operations and supports operators in managing fractional ownership, charter, and other services. We also have a new patent-pending technology that advances how aircraft generate revenue by repurposing underutilized aircraft resources for cryptocurrency mining. With a commitment to advanced technology and customer-focused solutions, we are building scalable tools to elevate service quality and operational effectiveness in private aviation.

In September 2024, we announced an agreement with flyExclusive, Inc. (“**flyExclusive**”) to transition the management of our aircraft ownership program fleet operations to flyExclusive. Our management expects that this arrangement will provide substantial cost savings to the Company and allow us to focus on high-growth areas, such as aircraft sales and proprietary software. We will continue to take delivery of new aircraft, including three Gulfstream G280s in 2025. This arrangement is intended to allow us to benefit from the margins on aircraft sales without the burden of operational costs, while also generating revenue from our proprietary software.

Recent Events

On July 28, 2025, we entered into an Agreement and Plan of Merger and Reorganization (the “**Merger Agreement**”) with Volato Merger Subsidiary, Inc., a Nevada corporation and wholly-owned subsidiary of Volato (“**Merger Sub**”), and M2i Global, Inc., a Nevada corporation (“**M2i Global**”), pursuant to which Merger Sub will merge with and into M2i Global, with M2i Global surviving the merger as a wholly-owned subsidiary of Volato (together with all other transactions contemplated by the Merger Agreement, the “**Merger**”). The Merger is subject to approval by our stockholders and other customary closing conditions. Upon consummation of the Merger we anticipate that M2i Global’s stockholders will own approximately 85% of the combined company.

We do not believe that the proposed Merger will have an impact on this offering. For more information regarding M2i Global and the proposed Merger, please refer to the Current Report on Form 8-K we filed with the SEC on July 29, 2025.

Manner of Offering

Sales of shares of our common stock, if any, will be made pursuant to the terms of the ATM Sales Agreement between us and Virtu. Sales of the shares will be made in sales deemed to be “at-the-market” equity offerings as defined in Rule 415 promulgated under the Securities Act. Virtu will act as sales agent and will use commercially reasonable efforts to sell on our behalf all of the shares of common stock requested to be sold by us, consistent with its normal trading and sales practices. See the section of this prospectus supplement entitled “*Plan of Distribution*” for more information.

Use of proceeds

We intend to use the net proceeds from this offering, if any, for working capital and general corporate purposes, which may include operating expenses, research and development, and pending and future acquisitions. We may also use the net proceeds to repay any debts and/or invest in or acquire complementary businesses, products, or technologies, although we have no current commitments or agreements with respect to any such investments or acquisitions as of the date of this prospectus supplement. As a result, we will retain broad discretion over the allocation of net proceeds. See the sections entitled “*Use of Proceeds*” and “*Descriptions of Capital Stock*” for more information.

Risk factors

Your investment in shares of our common stock involves substantial risks. You should consider the “*Risk Factors*” included on page S-4 and incorporated by reference in this prospectus supplement, including the risk factors incorporated by reference from our filings with the SEC.

Market for the common stock

Our common stock is traded on NYSE under the symbol “SOAR”.

Exclusive Sales Agent

Virtu is acting as our exclusive sales agent.

Except as otherwise indicated, all information in this prospectus supplement assumes:

- no exercise of any outstanding warrants exercisable to acquire our common stock or other securities that are identified in this prospectus or in other reports we file with the SEC that are incorporated herein;
- no conversion of our outstanding convertible debt instruments; and
- no exercise of outstanding options or settlement of outstanding equity awards that are identified in this prospectus or in other reports we file with the SEC that are incorporated herein.

RISK FACTORS

Investing in our securities involves a high degree of risk. Please see the risk factors under the heading "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2024, on file with the SEC, and those risk factors identified in reports subsequently filed with the SEC, including our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2025 and June 30, 2025, which are incorporated by reference into this prospectus supplement. Before you invest in our securities, you should carefully consider these risks as well as other information we include or incorporate by reference into this prospectus supplement. The risks and uncertainties we have described are not the only ones facing our company. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business operations. The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities. The discussion of risks includes or refers to forward-looking statements; you should read the explanation of the qualifications and limitations on such forward-looking statements discussed elsewhere in this prospectus supplement.

Risks Relating to this Offering

We may allocate the net proceeds from this offering in ways that stockholders may not approve.

We currently intend to use the net proceeds of this offering, if any, for general corporate purposes, including the development and commercialization of our pharmaceutical products, research and development, pharmaceutical licensing acquisitions, general and administrative expenses, capital expenditures, and working capital. We may also use the net proceeds to repay any debts and/or invest in or acquire complementary businesses, products, or technologies, although we have no current commitments or agreements with respect to any such investments or acquisitions as of the date of this prospectus supplement. This expected use of the net proceeds from this offering represents our intentions based upon our current plans and business conditions. The amounts and timing of our actual expenditures may vary significantly depending on numerous factors. Because of the number and variability of factors that will determine our use of the proceeds from this offering, their ultimate use may vary substantially from their currently intended use. As a result, we will retain broad discretion over the allocation of the net proceeds from this offering and could spend the proceeds in ways that do not necessarily improve our operating results or enhance the value of our common stock. See the section entitled "Use of Proceeds" for more information.

Resales of our common stock in the public market during this offering by our stockholders may cause the market price of our shares of Common Stock to fall.

Sales of a substantial number of shares of common stock could occur at any time. The issuance of new shares of common stock could result in resales of our shares of common stock by our current stockholders concerned about the potential ownership dilution of their holdings. In turn, these resales could have the effect of depressing the market price for our shares of common stock.

Stockholders may experience immediate and substantial dilution and may experience future dilution as a result of future equity offerings.

In order to raise additional capital, we may in the future offer additional shares of our common stock or other securities convertible into or exchangeable for our common stock at prices that may not be the same as the price per share in this offering. We may sell shares or other securities in any other offering at a price per share that is less than the price per share paid by any investors in this offering, and investors purchasing shares or other securities in the future could have rights superior to existing stockholders. The price per share at which we sell additional shares of our common stock, or securities convertible or exchangeable into common stock, in future transactions may be higher or lower than the price per share paid by any investors in this offering.

It is not possible to predict the aggregate proceeds resulting from sales made under the ATM Sales Agreement.

Subject to certain limitations in the ATM Sales Agreement and compliance with applicable law, we have the discretion to deliver a placement notice to Virtu at any time throughout the term of the ATM Sales Agreement. The number of shares that are sold through Virtu after delivering a placement notice will fluctuate based on a number of factors, including the market price of our common stock during the sales period, any limits we may set with Virtu in any applicable placement notice and the demand for our common stock. Because the price per share of each share sold pursuant to the ATM Sales Agreement will fluctuate over time, it is not currently possible to predict the aggregate proceeds to be raised in connection with sales under the ATM Sales Agreement.

The common stock offered hereby will be sold in an "at-the-market offering," and investors who buy shares at different times will likely pay different prices.

Investors who purchase shares in this offering at different times will likely pay different prices, and accordingly may experience different levels of dilution and different outcomes in their investment results. We will have discretion, subject to market demand, to vary the timing, prices and number of shares sold in this offering. In addition, subject to the final determination by our board of directors or any restrictions we may place in any sale notice that we deliver to Virtu, there is no minimum or maximum sales price for shares to be sold in this offering. Investors may experience a decline in the value of the shares they purchase in this offering as a result of sales made at prices lower than the prices they paid.

FORWARD-LOOKING STATEMENTS

This prospectus supplement contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that involve risks and uncertainties, as well as assumptions that, if they never materialize or prove incorrect, could cause our results to differ materially from those expressed or implied by such forward-looking statements. All statements other than statements of historical fact are statements that could be deemed forward-looking statements, including any projections of financing needs, revenue, expenses, earnings or losses from operations, or other financial items; any statements of the plans, strategies and objectives of management for future operations; any statements concerning our products and services and timelines; any statements of expectation or belief; and any statements of assumptions underlying any of the foregoing. In addition, forward looking statements may contain the words "believe," "anticipate," "expect," "estimate," "intend," "plan," "project," "will be," "will continue," "will result," "seek," "could," "may," "might," and similar expressions that convey uncertainty of future events or outcomes, or the negative version of those words or phrases or other comparable words or phrases of a future or forward-looking nature.

The forward-looking statements included in this prospectus supplement represent our estimates as of the date of this prospectus supplement. We specifically disclaim any obligation to update these forward-looking statements in the future, except as required by law. These forward-looking statements should not be relied upon as representing our estimates or views as of any date subsequent to the date of this prospectus supplement.

USE OF PROCEEDS

We may issue and sell shares of our common stock having aggregate sales proceeds of up to \$9,300,000 from time to time. Because there is no minimum offering amount required pursuant to the ATM Sales Agreement with Virtu, the actual total public offering amount, commissions and proceeds to us, if any, are not determinable at this time. Actual net proceeds will depend on the number of shares we sell and the prices at which such sales occur. There can be no assurance that we will sell any shares under or fully utilize the ATM Sales Agreement with Virtu as a source of financing.

We intend to use the net proceeds from this offering, if any, for working capital and general corporate purposes, including the development and commercialization of our pharmaceutical products, research and development, pharmaceutical licensing acquisitions, general and administrative expenses, capital expenditures, and working capital. We may also use the net proceeds to repay any debts and/or invest in or acquire complementary businesses, products, or technologies, although we have no current commitments or agreements with respect to any such investments or acquisitions as of the date of the registration statement of which this prospectus forms a part. We have not determined the amount of net proceeds to be used specifically for the foregoing purposes and our expected use of net proceeds from this offering represents our intentions based upon our current plans and business conditions, which could change in the future as our plans and business conditions evolve. The amounts and timing of our actual expenditures will depend on numerous factors, including the factors described under “*Risk Factors*” in this prospectus supplement, the accompanying base prospectus, and in the documents incorporated by reference herein and therein, as well as the amount of cash used in our operations. As a result, our management will have broad discretion in the allocation of the net proceeds and investors will be relying on the judgment of our management regarding the application of the proceeds of any sale of the securities. Pending use of the net proceeds, we intend to invest the proceeds in short-term, investment-grade, interest-bearing instruments.

CAPITALIZATION

The following table sets forth our capitalization as of September 30, 2025:

- on an actual basis;
- on a pro forma basis, to give effect to the issuance of 21,134 shares of common stock; and
- on an as further adjusted basis to give further effect to the sale of shares of our common stock having an aggregate offering price of up to \$9,300,000 in this offering, before deducting selling agent fees and estimated offering expenses payable by us.

You should read this table together with the section of this prospectus entitled “*Use of Proceeds*” as well as our financial statements and the related notes, and our most recent “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” that have been incorporated by reference into this prospectus supplement.

	As of September 30, 2025 (unaudited)		
	Actual	Pro Forma	Pro Forma As Adjusted
Cash	\$ 4,350,000	\$ 4,350,000	\$ 13,650,000
Total liabilities	9,485,000	9,485,000	9,485,000
Stockholder’s equity:			
Common stock	5,000	5,000	5,231
Additional paid-in capital	97,205,000	97,205,021	106,504,790

Total stockholders’ equity	\$ (4,105,000)	\$ (4,105,000)	\$ 13,405,000

The table and discussion above are based on 7,438,426 shares of common stock outstanding as of September 30, 2025, and 14,725,185 shares on a pro forma as adjusted basis of that date, and excludes as of September 30, 2025, common stock reserved for issuance under our equity incentive plan or issuable upon the exercise of:

- 47,323 outstanding restricted stock units to purchase an equivalent number of shares of common stock;
- 17,766 outstanding options with a weighted average price of \$5.57 per share; and
- 1,161,195 outstanding warrants to purchase an equivalent number of shares of common stock at a weighted average strike price of \$287.50.

As of the date of this prospectus, our authorized capital stock consisted of 200,000,000 shares of common stock and 1,000,000 shares of preferred stock. We will not issue shares of our common stock exceeding such authorized amount, whether in connection with the ATM Sales Agreement or otherwise.

DILUTION

If you invest in our common stock, your ownership interest will be diluted to the extent of the difference between the public offering price per share and the as-adjusted net tangible book value per share after this offering. We calculate net tangible book value per share by dividing the net tangible book value, which is tangible assets less total liabilities, by the number of outstanding shares of our common stock. Dilution with respect to net tangible book value per share represents the difference between the amount per share paid by purchasers of shares of common stock in this offering and the net tangible book value per share of our common stock immediately after this offering. The net tangible book value of our common stock as of September 30, 2025, was \$3,673,000 or approximately \$0.494 per share of common stock.

After giving effect to (i) the issuance of 21,134 shares of common stock for services and (ii) the assumed sale by us of shares of our common stock in the aggregate amount of \$9,300,000 in this offering at an assumed offering price of \$1.28 per share, which was the last reported sale price of our common stock on NYSE on December 4, 2025, and after deducting sales agent fees and estimated offering expenses payable by us in this offering, our as-adjusted net tangible book value as of September 30, 2025, would have been approximately \$12.5 million or approximately \$0.850 per share of common stock. This represents an immediate increase in net tangible book value of approximately \$0.356 per share of common stock to our existing stockholders and an immediate dilution in as-adjusted net tangible book value of approximately \$0.430 per share to purchasers of our common stock in this offering, as illustrated by the following table:

Assumed offering price per share of common stock	\$ 1.280
Net tangible book value per share as of September 30, 2025 ⁽¹⁾	\$ 0.494
Increase in net tangible book value per share attributable to the offering ⁽²⁾	<u>0.356</u>
As adjusted net tangible book value per share after giving effect to this offering ⁽³⁾	\$ 0.850
Dilution per share to new investors participating in this offering	<u><u>\$ 0.430</u></u>

- (1) Determined by dividing (i) net tangible book value (total assets less intangible assets) less total liabilities, by (ii) the total number of shares of common stock issued and outstanding prior to the offering.
- (2) Represents the difference between (i) pro forma as adjusted net tangible book value per share after this offering, and (ii) pro forma net tangible book value per share as of September 30, 2025.
- (3) Determined by dividing (i) as adjusted net tangible book value, which is our net tangible book value plus the cash proceeds of this offering, after deducting the estimated offering expenses payable by us, by (ii) the total number of shares of common stock to be outstanding following this offering.

The table and discussion above are based on 7,438,426 shares of common stock outstanding as of September 30, 2025, and 14,725,185 shares on a pro forma as adjusted basis of that date, and excludes as of September 30, 2025, common stock reserved for issuance under our equity incentive plan or issuable upon exercise of:

- 47,323 outstanding restricted stock units to purchase an equivalent number of shares of common stock;
- 17,766 outstanding options with a weighted average price of \$5.57 per share; and
- 1,161,195 outstanding warrants to purchase an equivalent number of shares of common stock at a weighted average strike price of \$287.50.

To the extent that any of our outstanding options or warrants are exercised, we grant additional options or other awards under our stock incentive plan or issue additional warrants, or we issue additional shares of common stock in the future, there may be further dilution.

As described above, our authorized capital stock currently consists of 200,000,000 shares of common stock and 1,000,000 shares of preferred stock. We will not issue shares of our common stock exceeding such authorized amount, whether in connection with the ATM Sales Agreement or otherwise.

PLAN OF DISTRIBUTION

We have entered into the ATM Sales Agreement with Virtu, under which we may offer and sell our shares of common stock from time to time through or to Virtu acting as agent or principal. Pursuant to this prospectus supplement, we may offer and sell up to \$9,300,000 of our shares of common stock. Sales of our shares of common stock, if any, under this prospectus supplement and the accompanying prospectus will be made by any method that is deemed to be an “at the market offering” as defined in Rule 415(a)(4) under the Securities Act.

Each time we wish to issue and sell shares of common stock under the ATM Sales Agreement, we will notify Virtu of the number of shares to be issued, the dates on which such sales are anticipated to be made, any limitation on the number of shares to be sold in any one day and any minimum price below which sales may not be made. Once we have so instructed Virtu, unless Virtu declines to accept the terms of such notice, Virtu has agreed to use its commercially reasonable efforts consistent with its normal trading and sales practices to sell such shares up to the amount specified on such terms. The obligations of Virtu under the ATM Sales Agreement to sell our shares of common stock are subject to a number of conditions that we must meet.

The settlement of sales of shares between us and Virtu is generally anticipated to occur on the first trading day following the date on which the sale was made. Sales of our shares of common stock as contemplated in this prospectus supplement will be settled through the facilities of The Depository Trust Company or by such other means as we and Virtu may agree upon. There is no arrangement for funds to be received in an escrow, trust, or similar arrangement.

We will pay Virtu a commission equal to up to 3.0% of the aggregate gross proceeds we receive from each sale of our shares of common stock. Because there is no minimum offering amount required as a condition to close this offering, the actual total public offering amount, commissions and proceeds to us, if any, are not determinable at this time. In addition, we have agreed to reimburse Virtu for the fees and disbursements of its counsel, payable upon execution of the ATM Sales Agreement, in an amount not to exceed \$35,000, unless we and Virtu otherwise agree. In addition to such fees, at the end of each quarter in which the offering is open and during which sales of our common stock have occurred, we have agreed to pay Virtu’s legal counsel an additional legal fee equal to \$15,000. We estimate that the total expenses for the offering, excluding any commissions or expense reimbursement payable to Virtu under the terms of the ATM Sales Agreement, will be approximately \$150,000. The remaining sale proceeds, after deducting any other transaction fees, will equal our net proceeds from the sale of such shares.

Virtu will provide confirmation to us before the open on Nasdaq on the day following each day on which shares of common stock are sold under the ATM Sales Agreement.

In connection with the sale of the shares of common stock on our behalf, Virtu will be deemed to be an “underwriter” within the meaning of the Securities Act, and the compensation of Virtu will be deemed to be underwriting commissions or discounts. We have agreed to indemnify Virtu against certain civil liabilities, including liabilities under the Securities Act. We have also agreed to contribute to payments Virtu may be required to make in respect of such liabilities.

This offering of our shares of common stock pursuant to the ATM Sales Agreement will terminate upon the earlier of (i) the sale of all shares of common stock subject to the ATM Sales Agreement; or (ii) the termination of the ATM Sales Agreement as permitted therein. We and Virtu may each terminate the ATM Sales Agreement at any time upon three days’ prior notice.

This summary of the material provisions of the ATM Sales Agreement does not purport to be a complete statement of its terms and conditions. A copy of the ATM Sales Agreement will be filed as an exhibit to a current report on Form 8-K filed under the Securities Exchange Act of 1934, as amended (the “*Exchange Act*”), and will be incorporated by reference in this prospectus supplement.

Virtu and its affiliates may in the future provide various investment banking, commercial banking, financial advisory and other financial services for us and our affiliates, for which services they may in the future receive customary fees. In the course of its business, Virtu may actively trade our securities for its own account or for the accounts of customers, and, accordingly, Virtu may at any time hold long or short positions in such securities.

A prospectus supplement and the accompanying prospectus in electronic format may be made available on a website maintained by Virtu, and Virtu may distribute the prospectus supplement and the accompanying prospectus electronically.

The prospectus supplement may also add, update or change information contained in this prospectus. You should read this prospectus and the applicable prospectus supplement together with the additional information described under the headings “*Where You Can Find More Information*” and “*Information Incorporated by Reference*” and any additional information you may need to make your investment decision.

We have not authorized anyone to provide you with any information or to make any representations other than those contained in this prospectus, any applicable prospectus supplement or any free writing prospectuses prepared by or on behalf of us or to which we have referred you. We take no responsibility for and can provide no assurance as to the reliability of, any other information that others may give you. Unless the context otherwise requires, all references to “Volato” “the Company,” “we,” “our,” “us” or “our company” in this prospectus refer to Volato Group, Inc., a Delaware corporation, and its consolidated subsidiaries.

ABOUT VOLATO GROUP, INC.

The Company initially operated under the name Aerago, Inc., which was formed on January 7, 2021, in the State of Georgia. On August 31, 2021, Aerago, Inc. filed an amendment to its Articles of Incorporation to change its name to Volato, Inc. On December 1, 2023, the Company consummated a business combination transaction (the “**Business Combination**”) pursuant to a business combination agreement (the “**Business Combination Agreement**”), dated August 1, 2023 between the Company, PACI Merger Sub, Inc., a Delaware corporation and a direct, wholly-owned subsidiary of the Company (“**Merger Sub**”), and Volato, Inc. Pursuant to the terms of the Business Combination Agreement, Merger Sub merged with and into Volato, Inc., with Volato, Inc. surviving the merger as a wholly-owned subsidiary of the Company. In connection with the consummation of the Business Combination, the Company changed its name from “PROOF Acquisition Corp I” to “Volato Group, Inc.”

Volato is an aviation company advancing the industry with innovative solutions in aviation software and on-demand flight access. Historically, we generated revenue through our aircraft ownership program. This program was a focused commercial strategy including deposit products, charter flights, and aircraft management services. Our aviation experience led to the development of our proprietary software. Mission Control drives efficiency across operations and supports operators in managing fractional ownership, charter, and other services. We also have a new patent-pending technology that advances how aircraft generate revenue by repurposing underutilized aircraft resources for cryptocurrency mining. With a commitment to advanced technology and customer-focused solutions, we are building scalable tools to elevate service quality and operational effectiveness in private aviation.

In September 2024, we announced an agreement with flyExclusive, Inc. (“**flyExclusive**”) to transition the management of our aircraft ownership program fleet operations to flyExclusive. Our management expects that this arrangement will provide substantial cost savings to the Company and allow us to focus on high-growth areas, such as aircraft sales and proprietary software. We will continue to take delivery of new aircraft, including three Gulfstream G280s in 2025. This arrangement is intended to allow the Company to benefit from the margins on aircraft sales without the burden of operational costs, while also generating revenue from our proprietary software.

Recent Events

On July 28, 2025, the Company entered into an Agreement and Plan of Merger and Reorganization (the “**Merger Agreement**”) with Volato Merger Subsidiary, Inc., a Nevada corporation and wholly-owned subsidiary of Volato (“**Merger Sub**”), and M2i Global, Inc., a Nevada corporation (“**M2i Global**”), pursuant to which Merger Sub will merge with and into M2i Global, with M2i Global surviving the merger as a wholly-owned subsidiary of Volato (together with all other transactions contemplated by the Merger Agreement, the “**Merger**”). The Merger is subject to approval by the Company’s stockholders and other customary closing conditions. Upon consummation of the Merger it is currently expected that M2i Global’s stockholders will own approximately 85% of the combined company.

The Company does not believe that the proposed Merger will have an impact on this offering. For more information regarding M2i Global and the proposed Merger, please refer to the Current Report on Form 8-K filed by the Company with the SEC on July 29, 2025.

Our website address is www.flyvolato.com. The information contained in, or that can be accessed through, our website is not incorporated by reference into this prospectus and is not part of this prospectus.

Our common stock is listed on the NYSE American LLC (“**NYSE American**”) under the symbol “**SOAR**”. Our principal executive office is located at 1954 Airport Road, Suite 124, Chamblee, Georgia 30341, and our telephone number is (844) 399-8998.

RISK FACTORS

Investing in our securities involves a high degree of risk. Please see the risk factors under the heading "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2024, on file with the SEC, and those risk factors identified in reports subsequently filed with the SEC, including our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2025 and June 30, 2025, which are incorporated by reference into this prospectus. Before you invest in our securities, you should carefully consider these risks as well as other information we include or incorporate by reference into this prospectus and the applicable prospectus supplement. The risks and uncertainties we have described are not the only ones facing our company. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business operations. The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities. The discussion of risks includes or refers to forward-looking statements; you should read the explanation of the qualifications and limitations on such forward-looking statements discussed elsewhere in this prospectus.

FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that involve risks and uncertainties, as well as assumptions that, if they never materialize or prove incorrect, could cause our results to differ materially from those expressed or implied by such forward-looking statements. All statements other than statements of historical fact are statements that could be deemed forward-looking statements, including any projections of financing needs, revenue, expenses, earnings or losses from operations, or other financial items; any statements of the plans, strategies and objectives of management for future operations; any statements concerning our products and services and timelines; any statements of expectation or belief; and any statements of assumptions underlying any of the foregoing. In addition, forward looking statements may contain the words "believe," "anticipate," "expect," "estimate," "intend," "plan," "project," "will be," "will continue," "will result," "seek," "could," "may," "might," and similar expressions that convey uncertainty of future events or outcomes, or the negative version of those words or phrases or other comparable words or phrases of a future or forward-looking nature.

The forward-looking statements included in this prospectus represent our estimates as of the date of this prospectus. We specifically disclaim any obligation to update these forward-looking statements in the future, except as required by law. These forward-looking statements should not be relied upon as representing our estimates or views as of any date subsequent to the date of this prospectus.

USE OF PROCEEDS

Except as described in any prospectus supplement and any free writing prospectus in connection with a specific offering, we currently intend to use the net proceeds from the sale of the securities offered under this prospectus for general corporate purposes, including the development and commercialization of our products, aircraft acquisition, research and development, general and administrative expenses, license or technology acquisitions, and working capital and capital expenditures. We may also use the net proceeds to repay any debts and/or invest in or acquire complementary businesses, products, or technologies, although we have no current commitments or agreements with respect to any such investments or acquisitions as of the date of this prospectus. We have not determined the amount of net proceeds to be used specifically for the foregoing purposes. As a result, our management will have broad discretion in the allocation of the net proceeds and investors will be relying on the judgment of our management regarding the application of the proceeds of any sale of the securities. Pending use of the net proceeds, we intend to invest the proceeds in short-term, investment-grade, interest-bearing instruments.

Each time we offer securities under this prospectus, we will describe the intended use of the net proceeds from that offering in the applicable prospectus supplement. The actual amount of net proceeds we spend on a particular use will depend on many factors, including, our future capital expenditures, the amount of cash required by our operations, and our future revenue growth, if any. Therefore, we will retain broad discretion in the use of the net proceeds.

DESCRIPTION OF THE SECURITIES

We may offer, from time to time, in one or more offerings, up to \$100,000,000 of the following securities:

- common stock;
- preferred stock;
- senior debt securities;
- subordinated debt securities;
- warrants;
- rights;
- units; or
- any combination of the foregoing securities.

The aggregate initial offering price of the offered securities that we may issue will not exceed \$100,000,000. Until such time as the aggregate market value of the voting and non-voting common equity held by non-affiliates of the Company is \$75.0 million or more, the aggregate market value of securities sold by or on behalf of the Company pursuant to this registration statement during the period of 12 calendar months immediately prior to, and including, a sale under this registration statement will be no more than one-third of the aggregate market value of the voting and non-voting common equity held by non-affiliates of the Company. If we issue debt securities at a discount from their principal amount, then, for purposes of calculating the aggregate initial offering price of the offered securities issued under this prospectus, we will include only the initial offering price of the debt securities and not the principal amount of the debt securities.

This prospectus contains a summary of the general terms of the various securities that we may offer. The prospectus supplement relating to any particular securities offered will describe the specific terms of the securities, which may be in addition to or different from the general terms summarized in this prospectus. Because the summary in this prospectus and in any prospectus supplement does not contain all of the information that you may find useful, you should read the documents relating to the securities that are described in this prospectus or in any applicable prospectus supplement. Please read “*Where You Can Find More Information*” to find out how you can obtain a copy of those documents.

The applicable prospectus supplement will also contain the terms of a given offering, the initial offering price and our net proceeds. Where applicable, a prospectus supplement will also describe any material United States federal income tax consequences relating to the securities offered and indicate whether the securities offered are or will be quoted or listed on any quotation system or securities exchange.

DESCRIPTION OF COMMON STOCK

This section describes the general terms and provisions of our common stock. The prospectus supplement relating to any offering of common stock, or other securities convertible into or exchangeable or exercisable for common stock, will describe more specific terms of the offering of common stock or other securities, including the number of shares offered, the initial offering price and market price and dividend information. The prospectus supplement may provide information that is different from this prospectus. If the information in the prospectus supplement with respect to our common stock being offered differs from this prospectus, you should rely on the information in the prospectus supplement.

The summary set forth below does not purport to be complete and is subject to and qualified in its entirety by reference to our certificate of incorporation (as amended from time to time, our “*Certificate of Incorporation*”) and our bylaws (as amended from time to time, our “*Bylaws*”), each of which is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part. We encourage you to read our Certificate of Incorporation and our Bylaws for additional information before you purchase any shares of our common stock. Our common stock and the rights of the holders of our common stock are subject to the applicable statutes of the State of Delaware, our Certificate of Incorporation, and our Bylaws, as amended.

General Terms

We are authorized to issue 200,000,000 shares of common stock. On September 10, 2025, we had 5,957,291 shares of common stock issued and outstanding, held by approximately 460 holders of record. Except as otherwise provided by any series of preferred stock that may later be created, holders of our common stock have exclusive voting rights for the election of directors and for all other purposes. Holders of our common stock are entitled to one vote per share on all matters to be voted upon by our stockholders. Neither our Certificate of Incorporation nor our Bylaws authorize cumulative voting. The holders of our common stock are entitled to receive dividends, if any, as may be declared from time to time by our board of directors (our “**Board**”) out of funds legally available for the payment of dividends, subject to the rights of any series of preferred stock. In the event of a liquidation, dissolution or winding up of Volato, the holders of our common stock are entitled to share ratably in all assets remaining after payment of the preferential amounts, if any, to which the holders of our preferred stock, if any, are entitled. Our common stock has no preemptive, conversion or other subscription rights. There are no redemption or sinking-fund provisions applicable to our common stock. All of our outstanding shares of common stock are fully paid and non-assessable.

Our Board of Directors

Our Bylaws provide that the number of directors constituting our Board is fixed from time to time in accordance with our Certificate of Incorporation, which provides that, subject to the rights of the holders of any series of preferred stock to elect additional directors under specified circumstances, the total number of directors constituting the Board shall be fixed from time to time exclusively by resolution adopted by a majority of the directors then in office, although less than a quorum (as defined in our Bylaws), or by the sole remaining director.

Our Certificate of Incorporation provides for our Board to be divided into three classes of directors serving staggered terms. Approximately one-third of the Board will be elected each year. The provision for a classified Board could prevent a party who acquires control of a majority of our outstanding shares of voting stock from obtaining control of our Board until the second annual stockholders’ meeting following the date the acquirer obtains the controlling stock interest. The classified Board provision could discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of us and could increase the likelihood that incumbent directors will retain their positions. Our Certificate of Incorporation provides that directors may only be removed for cause by the affirmative vote of the holders of at least two-thirds of the voting power of the then-outstanding shares of our capital stock.

Our Certificate of Incorporation provides that, upon any vacancy occurring in the Board for any cause, and any newly created directorship resulting from any increase in the authorized number of directors, shall, unless (a) the Board determines by resolution that any such vacancies or newly created directorships shall be filled by the stockholders, or (b) as otherwise provided by law, be filled only by the affirmative vote of a majority of the directors then in office, even if less than a quorum, or by a sole remaining director, and not by the stockholders.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Continental Stock Transfer & Trust Company.

Listing

Our common stock is listed for quotation on the NYSE American under the symbol “SOAR”.

DESCRIPTION OF PREFERRED STOCK

We are authorized to issue 1,000,000 shares of preferred stock. As of the date of this prospectus, we have not designated any classes of preferred stock.

The following description of our preferred stock, together with any additional information we include in any applicable prospectus supplement or any related free writing prospectus, summarizes the material terms and provisions of our preferred stock that we may offer under this prospectus. While the terms we have summarized below will apply generally to any preferred stock that we may offer, we will describe the particular terms of any class or series of these securities in more detail in the applicable prospectus supplement. For the complete terms of our preferred stock, please refer to our Certificate of Incorporation and our Bylaws that are incorporated by reference into the registration statement of which this prospectus is a part or may be incorporated by reference in this prospectus or any applicable prospectus supplement. The summary set forth below does not purport to be complete and is subject to and qualified in its entirety by reference to our Certificate of Incorporation and our Bylaws, as amended, each of which is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part. We encourage you to read our Certificate of Incorporation and our Bylaws, as amended, for additional information before you purchase any shares of our preferred stock. Our preferred stock and the rights of the holders of our preferred stock are subject to the applicable statutes of the State of Delaware, our Certificate of Incorporation and our Bylaws, as amended.

General Terms

Our Board may, without further action by our stockholders, from time to time, direct the issuance of shares of preferred stock in series and may, at the time of issuance, determine the rights, preferences and limitations of each series, including voting rights, dividend rights and redemption and liquidation preferences. Satisfaction of any dividend preferences of outstanding shares of preferred stock would reduce the amount of funds available for the payment of dividends on shares of our common stock (although we do not anticipate paying any dividends to the holders of our common stock in the foreseeable future). Holders of shares of preferred stock may be entitled to receive a preference payment in the event of any liquidation, dissolution or winding-up of our Company before any payment is made to the holders of shares of our common stock. In some circumstances, the issuance of shares of preferred stock may render more difficult or tend to discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of our securities or the removal of incumbent management as discussed below. Upon the affirmative vote of our Board, without stockholder approval, we may issue shares of preferred stock with voting and conversion rights that could adversely affect the holders of shares of our common stock.

If we offer a specific series of preferred stock under this prospectus, we will describe the terms of the preferred stock in the prospectus supplement for such offering and will file a copy of the articles of amendment to the Articles establishing the terms of the preferred stock with the SEC. To the extent required, this description will include:

- the title and stated value;
- the number of shares offered, the liquidation preference per share and the purchase price;
- the dividend rate(s), period(s) and/or payment date(s), or method(s) of calculation for such dividends;
- whether dividends will be cumulative or non-cumulative and, if cumulative, the date from which dividends will accumulate;
- the procedures for any auction and remarketing, if any;
- the provisions for a sinking fund, if any;
- the provisions for redemption, if applicable;
- any listing of the preferred stock on any securities exchange or market;
- whether the preferred stock will be convertible into our common stock, and, if applicable, the conversion price (or how it will be calculated) and conversion period;
- whether the preferred stock will be exchangeable into debt securities, and, if applicable, the exchange price (or how it will be calculated) and exchange period;
- voting rights, if any, of the preferred stock;
- a discussion of any material and/or special United States federal income tax considerations applicable to the preferred stock;
- the relative ranking and preferences of the preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of the affairs of Volato; and
- any material limitations on issuance of any class or series of preferred stock ranking senior to or on a parity with the series of preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of Volato.

The preferred stock offered by this prospectus will, when issued, not have, or be subject to, any preemptive or similar rights.

Transfer Agent and Registrar

The transfer agent and registrar for our preferred stock is expected to be Continental Stock Transfer & Trust Company.

- the terms and conditions upon which the debt securities will be so convertible or exchangeable into securities or property of another person, if at all, and any additions or changes, if any, to permit or facilitate such conversion or exchange;

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange. As of the date of this prospectus, we have no outstanding registered debt securities.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase shares of our common stock, preferred stock, debt securities or other securities in one or more series together with other securities or separately, as described in the applicable prospectus supplement. Below is a description of certain general terms and provisions of the warrants that we may offer. Particular terms of the warrants will be described in the warrant agreements and the prospectus supplement to the warrants.

The applicable prospectus supplement will contain, where applicable, the following terms of and other information relating to the warrants:

- the specific designation and aggregate number of, and the price at which we will issue, the warrants;
- the currency or currency units in which the offering price, if any, and the exercise price are payable;
- the designation, amount and terms of the securities purchasable upon exercise of the warrants;
- if applicable, the exercise price for shares of our common stock and the number of shares of common stock to be received upon exercise of the warrants;
- if applicable, the exercise price for shares of our preferred stock, the number of shares of preferred stock to be received upon exercise, and a description of that series of our preferred stock;
- if applicable, the exercise price for our debt securities, the amount of debt securities to be received upon exercise, and a description of that series of debt securities;
- the date on which the right to exercise the warrants will begin and the date on which that right will expire or, if you may not continuously exercise the warrants throughout that period, the specific date or dates on which you may exercise the warrants;
- whether the warrants will be issued in fully registered form or bearer form, in definitive or global form or in any combination of these forms, although, in any case, the form of a warrant included in a unit will correspond to the form of the unit and of any security included in that unit;
- any applicable material United States federal income tax consequences;
- the identity of the warrant agent for the warrants and of any other depositaries, execution or paying agents, transfer agents, registrars or other agents;

Exercise of Warrants

Each warrant will entitle the holder to purchase for cash that principal amount of, or number of, securities, as the case may be, at the exercise price set forth in, or to be determined as set forth in, the applicable prospectus supplement relating to the warrants. After the close of business on the expiration date, unexercised warrants will become void. Upon receipt of payment and the warrant certificate properly completed and duly executed, we will, as soon as practicable, issue the securities purchasable upon exercise of the warrant. If less than all of the warrants represented by the warrant certificate are exercised, a new warrant certificate will be issued for the remaining amount of warrants.

No Rights of Security Holder Prior to Exercise

Before the exercise of their warrants, holders of warrants will not have any of the rights of holders of the securities purchasable upon the exercise of the warrants, and will not be entitled to:

- in the case of warrants to purchase debt securities, payments of principal of, or any premium or interest on, the debt securities purchasable upon exercise; or
- in the case of warrants to purchase equity securities, the right to vote or to receive dividend payments or similar distributions on the securities purchasable upon exercise.

Transfer Agent and Registrar

The transfer agent and registrar for any warrants is expected to be Continental Stock Transfer & Trust Company.

DESCRIPTION OF RIGHTS

As specified in the applicable prospectus supplement, we may issue rights to purchase the securities offered in this prospectus to our existing stockholders, and such rights may or may not be issued for consideration. The applicable prospectus supplement will describe the terms of any such rights. The description in the prospectus supplement will not purport to be complete and will be qualified in its entirety by reference to the documents pursuant to which such rights will be issued.

DESCRIPTION OF UNITS

This section outlines some of the provisions of the units and the unit agreements. This information may not be complete in all respects and is qualified entirely by reference to the unit agreement with respect to the units of any particular series. The specific terms of any series of units will be described in the applicable prospectus supplement. If so described in a particular supplement, the specific terms of any series of units may differ from the general description of terms presented below.

We may issue units comprised of shares of preferred stock, shares of common stock, warrants and debt securities in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

The applicable prospectus supplement may describe:

- the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
- any provisions of the governing unit agreement;
- the price or prices at which such units will be issued;
- the applicable United States federal income tax considerations relating to the units;
- any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; and
- any other terms of the units and of the securities comprising the units.

The provisions described in this section, as well as those described under “*Description of Preferred Stock*,” “*Description of Common Stock*,” “*Description of Warrants*”, “*Description of Debt Securities*”, and “*Description of Rights*” will apply to the securities included in each unit, to the extent relevant.

Issuance in Series

We may issue units in such amounts and in as many distinct series as we wish. This section summarizes terms of the units that apply generally to all series. Most of the financial and other specific terms of any series will be described in the applicable prospectus supplement.

Unit Agreements

We will issue units under one or more unit agreements to be entered into between us and a bank or other financial institution, as unit agent. We may add, replace or terminate unit agents from time to time. We will identify the unit agreement under which each series of units will be issued and the unit agent under that agreement in the applicable prospectus supplement.

The following provisions will generally apply to all unit agreements unless otherwise stated in the applicable prospectus supplement.

Modification Without Consent.

We and the applicable unit agent may amend any unit or unit agreement without the consent of any holder to:

- cure any ambiguity; any provisions of the governing unit agreement that differ from those described below;
- correct or supplement any defective or inconsistent provision; or
- make any other change that we believe is necessary or desirable and will not adversely affect the interests of the affected holders in any material respect.

We do not need any approval to make changes that affect only units to be issued after the changes take effect. We may also make changes that do not adversely affect a particular unit in any material respect, even if they adversely affect other units in a material respect. In those cases, we do not need to obtain the approval of the holder of the unaffected unit; we need only obtain any required approvals from the holders of the affected units.

Modification With Consent.

We may not amend any particular unit or a unit agreement with respect to any particular unit unless we obtain the consent of the holder of that unit, if the amendment would:

- impair any right of the holder to exercise or enforce any right under a security included in the unit if the terms of that security require the consent of the holder to any changes that would impair the exercise or enforcement of that right; or
- reduce the percentage of outstanding units or any series or class the consent of whose holders is required to amend that series or class, or the applicable unit agreement with respect to that series or class, as described below.

Any other change to a particular unit agreement and the units issued under that agreement would require the following approval:

- If the change affects only the units of a particular series issued under that agreement, the change must be approved by the holders of a majority of the outstanding units of that series; or
- If the change affects the units of more than one series issued under that agreement, it must be approved by the holders of a majority of all outstanding units of all series affected by the change, with the units of all the affected series voting together as one class for this purpose.

These provisions regarding changes with majority approval also apply to changes affecting any securities issued under a unit agreement, as the governing document.

In each case, the required approval must be given by written consent.

Unit Agreements Will Not Be Qualified Under Trust Indenture Act.

No unit agreement will be qualified as an indenture, and no unit agent will be required to qualify as a trustee, under the Trust Indenture Act. Therefore, holders of units issued under unit agreements will not have the protections of the Trust Indenture Act with respect to their units.

Mergers and Similar Transactions Permitted; No Restrictive Covenants or Events of Default.

The unit agreements will not restrict our ability to merge or consolidate with, or sell our assets to, another corporation or other entity or to engage in any other transactions. If at any time we merge or consolidate with, or sell our assets substantially as an entirety to, another corporation or other entity, the successor entity will succeed to and assume our obligations under the unit agreements. We will then be relieved of any further obligation under these agreements.

The unit agreements will not include any restrictions on our ability to put liens on our assets, including our interests in our subsidiaries, nor will they restrict our ability to sell our assets. The unit agreements also will not provide for any events of default or remedies upon the occurrence of any events of default.

Payments and Notices.

In making payments and giving notices with respect to our units, we will follow the procedures as described in the applicable prospectus supplement.

FORMS OF SECURITIES

General

Each of the securities issued under this prospectus will be represented either by a certificate issued in definitive form to a particular purchaser or by one or more global securities representing the entire issuance of securities. Unless the applicable prospectus supplement provides otherwise, certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depositary or its nominee as the owner of the debt securities, units or warrants represented by these global securities. The depositary maintains a computerized system that will reflect each purchaser's beneficial ownership of the securities through an account maintained by the purchaser with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Registered Global (Book-Entry) Securities

We may issue the securities in the form of one or more fully registered global securities that will be deposited with a depositary or its nominee identified in the applicable prospectus supplement and registered in the name of that depositary or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depositary for the registered global security, the nominees of the depositary or any successors of the depositary or those nominees.

If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair such purchasers' abilities to own, transfer or pledge beneficial interests in registered global securities.

So long as the depositary, or its nominee, is the registered owner of a registered global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, unit agreement or warrant agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, unit agreement or warrant agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, unit agreement or warrant agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, unit agreement or warrant agreement, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, on and interest payments on debt securities, and any payments to holders with respect to warrants or units represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of us, the trustees, the warrant agents, the unit agents or any other agent of ours, agent of the trustees or agent of the warrant agents or unit agents will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers or registered in "street name," and will be the responsibility of those participants.

If the depositary for any of the securities represented by a registered global security is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended (the "*Exchange Act*"), and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depositary. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depositary gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depositary's instructions will be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depositary.

PLAN OF DISTRIBUTION

We may sell the securities in any one or more of the following methods from time to time:

- directly to investors, directly to agents, or to investors through agents;
- through underwriting syndicates led by one or more managing underwriters, or through one or more underwriters acting alone, for resale to the public or investors;
- purchases by a broker or dealer as principal and resale by such broker or dealer for its own account;
- through a block trade (which may involve crosses) in which the broker or dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- ordinary brokerage transactions and transactions in which the broker solicits purchasers;

- in “at the market offerings,” within the meaning of Rule 415(a)(4) of the Securities Act of 1933, as amended (the “*Securities Act*”), to or through a market maker or into an existing trading market, on an exchange or otherwise;
- transactions not involving market makers or established trading markets, including direct sales or privately negotiated transactions;
- exchange distributions and/or secondary distributions;
- by delayed delivery contracts or by remarketing firms;
- transactions in options, swaps or other derivatives that may or may not be listed on an exchange; or
- through a combination of any such methods of sale.

The distribution of the securities may be effected from time to time in one or more transactions:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

Any of the prices may represent a discount from the prevailing market prices.

Any underwritten offering may be on a best efforts or a firm commitment basis. If underwriters are used in the sale, the securities acquired by the underwriters will be for their own account. The underwriters may resell the securities in one or more transactions, including without limitation negotiated transactions, at a fixed public offering price or at a varying price determined at the time of sale. The obligations, if any, of the underwriter to purchase any securities will be subject to certain conditions. We may offer the securities to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. Subject to certain conditions, the underwriters will be obligated to purchase all of the securities if any are purchased, other than securities covered by any over-allotment option. Any public offering price and any discounts or concessions allowed, reallocated or paid to dealers may be changed from time to time.

If a dealer is used in an offering of securities, we may sell the securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of sale.

We may sell securities directly or through agents we designate from time to time. We will name any agent involved in the offering and sale of securities and we will describe any commissions we will pay the agent in the prospectus supplement. Unless the prospectus supplement states otherwise, our agent will act on a best-efforts basis for the period of its appointment.

We may also sell securities directly to one or more purchasers without using underwriters, dealers or agents.

We may also make direct sales through subscription rights distributed to our stockholders on a pro rata basis, which may or may not be transferable. In any distribution of subscription rights to stockholders, if all of the underlying securities are not subscribed for, we may then sell the unsubscribed securities directly to third parties or may engage the services of one or more underwriters, dealers or agents, including standby underwriters, to sell the unsubscribed securities to third parties.

From time to time, we may offer securities directly to the public, with or without the involvement of agents, underwriters or dealers, and may use the Internet or another electronic bidding or ordering system for the pricing and allocation of the securities. Such a system may allow bidders to participate directly, through electronic access to an auction site, by submitting conditional offers to buy that are subject to acceptance by us and may directly affect the price or other terms at which such securities are sold. Such a bidding or ordering system may present to each bidder, on a real-time basis, relevant information to assist you in making a bid, such as the clearing spread at which the offering would be sold, based on the bids submitted, and whether a bidder's individual bids would be accepted, pro-rated or rejected. Other pricing methods also may be used. Upon completion of such an auction process, securities will be allocated based on prices bid, terms of bid or other factors. The final offering price at which securities would be sold and the allocation of securities among bidders would be based in whole or in part on the results of the Internet bidding process or auction. Many variations of the Internet auction or pricing and allocation systems are likely to be developed in the future, and we may use such systems in connection with the sale of securities. The specific rules of such an auction would be distributed to potential bidders in an applicable prospectus supplement. If an offering is made using such a bidding or ordering system you should review the auction rules, as described in the prospectus supplement, for a more detailed description of the offering procedures.

In the sale of the securities, underwriters, dealers or agents may receive compensation from us or from purchasers of the securities, for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of the securities may be deemed to be underwriters under the Securities Act and any discounts or commissions they receive from us and any profit on the resale of securities they realize may be deemed to be underwriting discounts and commissions under the Securities Act. The applicable prospectus supplement will, where applicable:

- identify any such underwriter or agent;
- describe any compensation in the form of discounts, concessions, commissions or otherwise received from us by each of such underwriter, dealer or agent and in the aggregate to all underwriters, dealers and agents;
- identify the purchase price and proceeds from such sale;
- identify the amounts underwritten;
- identify the nature of the underwriter's obligation to take the securities;
- identify any over-allotment option under which the underwriters may purchase additional securities from us; and
- identify any quotation systems or securities exchanges on which the securities may be quoted or listed.

Unless otherwise specified in the related prospectus supplement, each series of securities will be a new issue with no established trading market, other than the common stock, which is listed on the NYSE American. Any common stock sold pursuant to a prospectus supplement will be listed on the NYSE American, subject to applicable notices. We may elect to apply for quotation or listing of any other class or series of our securities, on a quotation system or an exchange but we are not obligated to do so. It is possible that one or more underwriters may make a market in a class or series of our securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. Therefore, no assurance can be given as to the liquidity of, or the trading market for, any other class or series of our securities.

In connection with an offering, an underwriter may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in the offering. "Covered" short sales are sales made in an amount not greater than the underwriters' option to purchase additional securities, if any, from us in the offering. If the underwriters have an over-allotment option to purchase additional securities from us, the underwriters may close out any covered short position by either exercising their over-allotment option or purchasing securities in the open market. In determining the source of securities to close out the covered short position, the underwriters may consider, among other things, the price of securities available for purchase in the open market as compared to the price at which they may purchase securities through the over-allotment option. "Naked" short sales are any sales in excess of such option or where the underwriters do not have an over-allotment option. The underwriters must close out any naked short position by purchasing securities in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the securities in the open market after pricing that could adversely affect investors who purchase in the offering.

Accordingly, to cover these short sales positions or to otherwise stabilize or maintain the price of the securities, the underwriters may bid for or purchase securities in the open market and may impose penalty bids. If penalty bids are imposed, selling concessions allowed to syndicate members or other broker-dealers participating in the offering are reclaimed if securities previously distributed in the offering are repurchased, whether in connection with stabilization transactions or otherwise. The effect of these transactions may be to stabilize or maintain the market price of the securities at a level above that which might otherwise prevail in the open market. The impositions of a penalty bid may also affect the price of the securities to the extent that it discourages resale of the securities. The magnitude or effect of any stabilization or other transactions is uncertain. These transactions may be effected on the NYSE American or otherwise and, if commenced, may be discontinued at any time.

We do not make any representation or prediction as to the direction or magnitude of any effect that the transactions described above might have on the price of the securities. In addition, we do not make any representation that underwriters will engage in such transactions or that such transactions, once commenced, will not be discontinued without notice at any time.

Under agreements into which we may enter, underwriters, dealers and agents who participate in the distribution of the securities may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or contribution from us to payments which the underwriters, dealers or agents may be required to make.

Underwriters, dealers and agents may engage in transactions with us or perform services for us in the ordinary course of business.

If indicated in the applicable prospectus supplement, securities may also be offered or sold by a “remarketing firm” in connection with a remarketing arrangement contemplated by the terms of the securities. Remarketing firms may act as principals for their own accounts or as agents. The applicable prospectus supplement will identify any remarketing firm and the terms of its agreement, if any, with us. It will also describe the remarketing firm’s compensation. Remarketing firms may be deemed to be underwriters in connection with the remarketing of the securities.

If indicated in the applicable prospectus supplement, we will authorize underwriters, dealers or other persons acting as our agents to solicit offers by particular institutions to purchase securities from us at the public offering price set forth in such prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on such future date or dates stated in such prospectus supplement. Each delayed delivery contract will be for an amount no less than, and the aggregate principal amounts of securities sold under delayed delivery contracts shall be not less nor more than, the respective amounts stated in the applicable prospectus supplement. Institutions with which such delayed delivery contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but will in all cases be subject to our approval. The obligations of any purchaser under any such contract will be subject to the conditions that (1) the purchase of the securities shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which the purchaser is subject, and (2) if the securities are being sold to underwriters, we shall have sold to the underwriters the total principal amount of the securities less the principal amount thereof covered by the delayed delivery contracts. The underwriters and such other agents will not have any responsibility in respect of the validity or performance of such delayed delivery contracts.

With respect to the sale of any securities under this prospectus, the maximum compensation to be received by any member of the Financial Industry Regulatory Authority, Inc. or independent broker or dealer is not expected to be greater than eight percent (8%).

To comply with applicable state securities laws, the securities offered by this prospectus will be sold, if necessary, in such jurisdictions only through registered or licensed brokers or dealers. In addition, securities may not be sold in some states unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

CERTAIN PROVISIONS OF DELAWARE LAW AND OF OUR CERTIFICATE OF INCORPORATION AND BYLAWS

Anti-Takeover Provisions of our Certificate of Incorporation and Bylaws

In addition to the board of directors’ ability to issue shares of preferred stock, our Certificate of Incorporation and our Bylaws contain other provisions that are intended to enhance the likelihood of continuity and stability in the composition of the board of directors and which may have the effect of delaying, deferring or preventing a future takeover or change in control of our company unless such takeover or change in control is approved by our board of directors. These provisions include our classified board of directors as discussed above in “Description of Common Stock – Our Board of Directors” and advance notice procedures for stockholder proposals.

Classified Board.

The provision for a classified board could prevent a party who acquires control of a majority of our outstanding common stock from obtaining control of the board until our second annual stockholders meeting following the date the acquirer obtains the controlling stock interest. The classified board provision could have the effect of discouraging a potential acquirer from making a tender offer or otherwise attempting to obtain control of us and could increase the likelihood that incumbent directors will retain their positions.

Size of Board and Vacancies.

Our Certificate of Incorporation provides that the total number of directors constituting our board of directors be fixed from time to time exclusively by resolution adopted by a majority of the directors then in office, although less than a quorum (as defined in our Bylaws, as amended), or by the sole remaining director. Subject to the special rights of the holders of any series of preferred stock to elect directors, directors are elected at each annual meeting of stockholders by the vote of a majority of the shares present. Subject to the special rights of the holders of any series of preferred stock, directors can only be removed for cause by the affirmative vote of the holders of at least two-thirds of the voting power of the then-outstanding shares of the Company's capital stock of the Corporation entitled to vote generally in the election of directors voting together as a single class.

Stockholder Action by Written Consent.

Our Certificate of Incorporation provides that any action required or permitted to be taken by our stockholders may be effected by written consent.

Advance Notice Procedures for Stockholder Proposals.

Our Bylaws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to our board. Stockholders at our annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board or by a stockholder who was a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has given to our secretary timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting. Although our Bylaws do not give our board the power to approve or disapprove stockholder nominations of candidates or proposals regarding other business to be conducted at a special or annual meeting, our Bylaws may have the effect of precluding the conduct of some business at a meeting if the proper procedures are not followed or may discourage or defer a potential acquirer from conducting a solicitation of proxies to elect its own slate of directors or otherwise attempting to obtain control of us.

Special Meetings of Stockholders.

Our Certificate of Incorporation provides that special meetings of our stockholders may only be called by the Chairperson of our Board, our Chief Executive Officer or our Board acting pursuant to a resolution adopted by a majority of the directors then in office, and may not be called by any other person or persons. Only the business stated in the notice for a special meeting will be considered at the special meeting of stockholders.

Anti-Takeover Effects of Delaware Law

Section 203.

We are subject to the provisions of Section 203 of the Delaware General Corporation Law (the "**DGCL**"). Under Section 203, we would generally be prohibited from engaging in any business combination with any interested stockholder for a period of three years following the time that the stockholder became an interested stockholder unless:

- prior to such time, our board of directors approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers, and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- at or subsequent to such time, the business combination is approved by our board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 and 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

Under Section 203, a “business combination” includes:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder;
- any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder, subject to limited exceptions;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or
- the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

In general, Section 203 defines an interested stockholder as an entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation and any entity or person affiliated with or controlling or controlled by such entity or person.

No Cumulative Voting.

Delaware law prohibits cumulative voting for the election of a corporation’s directors unless the corporation’s certificate of incorporation authorizes cumulative voting. Our Certificate of Incorporation does not provide for cumulative voting in the election of directors. Cumulative voting would allow a minority stockholder to vote a portion or all of its shares for one or more candidates for seats on our board of directors. Without cumulative voting, a minority stockholder will not be able to gain as many seats on our board of directors based on the number of shares of our stock the stockholder holds as compared to the number of seats the stockholder would be able to gain if cumulative voting were permitted. The absence of cumulative voting under our Certificate of Incorporation makes it more difficult for a minority stockholder to gain a seat on our board of directors to influence our board’s decision regarding a takeover.

Amendments to Our Governance Documents.

Delaware law generally provides that the affirmative vote of a majority of the shares entitled to vote on a matter is required to amend a corporation’s certificate of incorporation or bylaws, unless the corporation’s certificate of incorporation or bylaws requires a greater percentage.

Our Bylaws permit our board of directors to adopt, amend or repeal our Bylaws with the approval of a majority of the directors then in office. The stockholders also have the power to adopt, amend or repeal our Bylaws; provided, however, that the affirmative vote of the holders of at least two-thirds of the voting power of all of the then-outstanding shares of our capital stock entitled to vote generally in the election of directors, voting together as a single class, is required to adopt, amend or repeal any provision of our Bylaws; and provided, further, that if two-thirds of the directors then in office have approved such adoption, amendment or repeal of any provisions of our Bylaws, then only the affirmative vote of the holders of at least a majority of the voting power of all of the then-outstanding shares of our capital stock entitled to vote generally in the election of directors, voting together as a single class, will be required to adopt, amend or repeal any provision of our Bylaws.

The stockholder vote with respect to an amendment of our Certificate of Incorporation or Bylaws would be in addition to any separate class vote that might in the future be required under the terms of any series of preferred stock that might be outstanding at the time such a proposed amendment were submitted to stockholders.

Limitations on Liability and Indemnification of Officers and Directors

Our Certificate of Incorporation limits Volato's directors' liability to the fullest extent permitted under the DGCL. The DGCL provides that directors of a corporation will not be personally liable for monetary damages for breach of their fiduciary duties as directors, except for liability:

- for any transaction from which the director derives an improper personal benefit;
- for any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- for any unlawful payment of dividends or redemption of shares; or
- for any breach of a director's duty of loyalty to the corporation or its stockholders.

If the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of Volato's directors will be eliminated or limited to the fullest extent permitted by the DGCL, as so amended.

Our Bylaws provide that, to the fullest extent permitted by Delaware law, we will indemnify, and advance expenses to, a director or officer in an action brought by reason of the fact that the director or officer is or was our director or officer, or is or was serving at our request as a director or officer of any other entity, against all expenses, liability and loss reasonably incurred or suffered by such person in connection therewith. Pursuant to our Bylaws, we may purchase and maintain insurance to protect the Company and any director, officer, employee or agent of the Company or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not we would have the power to indemnify such person against such expense, liability or loss under the DGCL.

To the extent that indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the Company pursuant to the foregoing provisions, the Company has been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable. If a claim for indemnification against such liabilities (other than the payment by the Company of expenses incurred or paid by a director, officer or controlling person of the Company in the successful defense of any action, suit or proceeding) is asserted by any of the Company's directors, officers or controlling persons in connection with the securities being registered, the Company will, unless in the opinion of counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by the Company is against public policy as expressed in the Securities Act and will be governed by the final adjudication of that issue.
